DATE SHEET FOR THE UNIT – II EXAMINATION

Dear Parents,

Assalamualakium

Under the prevailing circumstances, we are going to conduct the Unit II home examination as per the date-sheet now in your hands. The study material for the said exam has already been provided.

To conduct the exam at home in a smooth manner you will adhere to the following instructions:

1. The students are advised to write their answers on loose sheets only.
2. The front page of the answer sheet should be properly labeled giving name of the student, class, Roll number and subject.
3. The exam should be conducted as per the date sheet.
4. Date of submission of the answer sheets will be communicated later through SMS.
5. The answer sheets should be submitted back in the unit 1st result folder.
6. The papers will be evaluated and marks added in the child's Overall Annual Assessment.

Examination: UNIT – II **Class: 8th**

Subject:Science **M. MARKS : 20**

Time: 2.5 hours

Physics

1. Long answer type questions (Do any two) (1.5 x 2)
   a. How is sound produced in human beings. Sketch larynx and explain its function.
   b. Describe the structure and working of the Human Ear.
   c. What is noise pollution. Explain in what ways noise pollution is harmful to humans.
2. Short answer type questions [40-60 words]: (1x 2)
   a. A pendulum oscillates 40 times in 4 seconds. find its time period and frequency.
   b. The sound from a mosquito is produced when it vibrates its wings at an average rate of 500 vibrations per second. What is the time period of the vibration?
3. Multiple Choice questions: (2x0.5)
   a. Sound can travel through
      i. gases only
      ii. solids only
      iii. liquids only
      iv. solids, liquids and gases
   b. Which of the following voices is likely to have minimum frequency
      i. baby girl
      ii. baby boy
      iii. a man
      iv. a woman

Chemistry

Long answer type questions (Do any two): (2x1.5)

1. Explain the process of formation of petroleum.
2. Describe characteristics and uses of coke.
3. Describe how coal is formed from dead vegetation. What is this process called?

Short answer type questions: (1x2)

1. Why is natural gas called a clean fuel ?

2. Differentiate between exhaustible natural resource and inexhaustible natural resources.
3. Multiple choice questions: (2x0.5)
   a. The slow process of conversion of dead vegetation into coal is called
      i. Decomposition
      ii. evolution
      iii. carbonification
      iv. carbonisation
   b. Which of these is an exhaustible resource
      i. air
      ii. water
      iii. coal
      iv. sunlight

Biology

1. Long Answer Type: (1 x 4)
   a. Define deforestation? What are its causes and consequences?

      OR

      Define biodiversity. What are the factors that lead to the depletion of biodiversity?
2. Short Answer Type: (2 x 1.5)
   a. What is a Red Data book?
   b. Differentiate between biosphere reserves and wildlife sanctuaries.
3. Very Short Answer Type: (2 x 0.5)
   a. Illegal hunting of animals is known as---------
   b. Species found only in a particular area is known as--------
